Urethane Alkyd Semi-Gloss Enamel

- Professional Quality Interior/Exterior Semi-Gloss Finish
- Excellent Flow & Leveling
- Less Odor than Oil-base Paint
- Easy Water Clean-up
- Durable Hard Finish
- Easy Stain Removal
- Mildew Resistant Finish

WHERE TO USE

PREPARATION†

(Proper surface preparation is required.) Allow new stucco, plaster and masonry to cure for 30 days. For interior and exterior surfaces, remove dirt, oil and grease stains with a Concrete & Masonry Degreaser & Cleaner. Remove mildew stains with a mildew stain removing product. Remove all loose and peeling paint, scuff sand glossy surfaces, caulk, repair imperfections and sand smooth. For exterior surfaces, power wash to remove chalk. Etch galvanized metal with a Concrete & Masonry Cleaner & Etcher. Follow all label instructions.

PRIME

Interior: On interior surfaces with heavy stains, galvanized metal or wrought iron, use a product such as BEHR PREMIUM PLUS® NO. 75 Stain-Blocking Primer & Sealer. Exterior: On exterior surfaces with heavy stains, wood or metal, use a product such as BEHR PREMIUM PLUS NO. 436 Multi-Surface Primer & Sealer. Follow all label instructions.

APPLICATION

DO NOT THIN. Stir before and during application. When working with more than one can of the same product, intermix to ensure color uniformity. Use adequate ventilation during application and drying process. Certain colors may require 2 or more coats to achieve complete hide and coverage. Use product when air and surface temperatures are 50-90°F (10-32°C). Apply a thin coat using a high quality synthetic brush, 1/4”-3/8” nap roller or an airless sprayer (.013”-.017” spray tip). NOTE: If touch-up is necessary, same application method is recommended.

DRIY TIME

Longer dry time required in cooler temperatures and higher humidity. Wait at least 7 days before rinsing or cleaning the surface with a mild, non-abrasive detergent.

DISPOSAL

Properly dispose of all soiled rags. For disposal of empty containers and unused product, contact your household refuse collection service.

† WARNING If you scrape, sand or remove old paint, you may release lead dust. LEAD IS TOXIC Contact the National Lead Information Center at 1-800-424-LEAD or log on to www.epa.gov/lead.

WARNING Sanding or scraping pressure treated lumber may be hazardous; wear appropriate protection.

CAUTION IRRITANT MAY CAUSE EYE, NOSE AND THROAT IRRITATION. AVOID CONTACT WITH SKIN AND EYES AND AVOID BREATHING OF VAPORS AND SPRAY MIST. WEAR EYE PROTECTION AND PROTECTIVE CLOTHING. USE ONLY WITH ADEQUATE VENTILATION. To avoid breathing vapors and spray mist, open windows and doors or use other means to ensure fresh air entry during application and drying. If you experience eye watering, headaches or dizziness, increase fresh air. If properly used, a respirator (NIOSH approved for organic vapor with P series particulate pre-filter) may offer additional protection; obtain professional advice before using. A dust mask does not provide protection against vapors. Avoid contact with eyes and skin. Wash thoroughly after handling. Close container after each use. FIRST AID: If you experience difficulty in breathing, leave the area to obtain fresh air. If continued difficulty is experienced, get medical assistance immediately. In case of eye contact, flush immediately with plenty of water for at least 20 minutes and get medical attention; for skin, wash thoroughly with soap and water. If swallowed, get medical attention immediately. CAUTION: KEEP OUT OF REACH OF CHILDREN – DO NOT TAKE INTERNALLY.
