

Project Skill Level: Intermediate DIY'er

Step 1

Using a garden hose or a pressure washer, wet the mildewed area with water.

Step 2

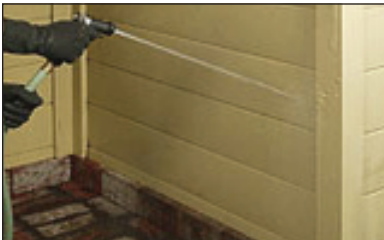

Using a pump sprayer, apply Premium All-In-One Wood Cleaner NO. 63 to the mildewed area.

TIP: Prior to applying the cleaning product, dampen the surrounding grass, plants, and other vegetation with water.

Step 3

Reapply the All-In-One Wood Cleaner as needed to keep the surface wet. Allow the solution to remain on the surface for 10–15 minutes. Scrubbing may be required on severely stained surfaces.

Step 4

Thoroughly rinse the surface with water. Allow it to dry.

TIP: For non-painted wood or new wood, apply Premium All-In-One Wood Cleaner NO. 63 to the wet surface. Do not allow the surface to dry prior to applying the product.
