**BEHR® Paint + Primer Spray Paint**

**Preparation**
- Interior/Exterior
- Corrosion Resistant
- Excellent Adhesion
- Advanced Hide

BEHR® Aerosol features an enhanced formulation that combines paint and primer in a single can, delivering a premium, durable finish. Designed for both indoor and outdoor use, BEHR Aerosol can be used on wood, metal, plastic, cast stone and wicker. Weather and corrosion resistant, it delivers a reliable, long-lasting finish. The unique, ergonomic shape of the BEHR Aerosol can and its comfort tip deliver a superior spray experience that fights fatigue so you can create a smooth finish every time.

**Application**
- Eye protection is recommended.
- For best results, use at room temperature. Cover adjacent areas to protect from overspray.

**Clean-Up & Disposal**
- Clear spray valve immediately after use by turning can upside down and spraying until only clear gas is released. If spray nozzle becomes clogged, remove and clean.
- Do not stick pins or wire into can opening.
- Clean fresh overspray with mineral spirits or paint thinner. Remove dried paint with paint remover, but test small area first to ensure paint remover does not damage substrate.
- Please consider donating any unused product. For recycling or disposal information contact your local household refuse collection service.

Visit behr.com for painting tips, project advice and color coordination with the ColorSmart by BEHR® Tool, or download the ColorSmart by BEHR App on your mobile device.

**WARNING!** If you scrape, sand or remove old paint, you may release lead dust. LEAD IS TOXIC. Contact the National Lead Information Center at 1-800-424-LEAD or log on to www.epa.gov/lead.

**Ventilation Required:** To avoid inhalation and combustion hazards (see below), DO NOT use this product unless you can achieve cross ventilation by opening windows and doors during application and drying. May affect the brain or nervous system causing dizziness, headache or nausea. CAUSES SERIOUS EYE DAMAGE. IRRITATES SKIN, NOSE AND THROAT.

**First Aid:** If you experience eye watering, headaches or dizziness, increase fresh air, wear respiratory protection (NIOSH/MSHA TC 23C or equivalent) or leave the area.

**CAUTION:** KEEP OUT OF REACH OF CHILDREN – DO NOT TAKE INTERNALLY.
