BEHR ULTRA™ Interior Eggshell Enamel

- Stain-Blocking Paint & Primer In One
- Excellent Durability & Hide in Fewer Coats
- Extra-Durable Paint Film
- Stain & Scuff Resistant
- Washable, Easy-Clean Finish
- Antimicrobial-Mildew Resistant Finish
- Lifetime Warranty*
- Low VOC, 100% Acrylic

No. 2750 Ultra Pure White®
No. 2753 Deep Base**
No. 2754 Medium Base

The extra protective shell, featuring NANOGUARD® Technology, offers a STAY’S LOOKING NEW LONGER® Finish for excellent durability.

WHERE TO USE
Properly prepared coated and uncoated Interior surfaces. Ideal for Family Rooms, Living Rooms, Dining Rooms, Bedrooms, Hallways and Ceilings.

PREPARATION & PRIME

All surfaces should be properly prepared and cleaned. Remove loose paint, wash off dirt and grease with detergent, rinse and allow to dry. Remove mildew stains with a mildew stain remover. Scuff sand glossy surfaces and repair imperfections. Remove all dust with a damp cloth, allow to dry. Allow new stucco, plaster and masonry to cure for 30 days before painting. Use BEHR ULTRA™ Paint as a primer for properly prepared uncoated or painted interior surfaces, including woods that contain tannins (two primer coats required for redwood and cedar) and heavily stained areas. Lock in stains with BEHR ULTRA Paint as a spot primer. For heavy stains, test for stain bleed-through by applying BEHR ULTRA Paint to a small section. If the stain bleeds through, spot prime another coat to the stained area and test again before topcoating. If bleeding continues, a longer dry time is needed before topcoating. For drastic color changes or when applying deep colors denoted with a dagger (†) on the color chip, apply a tinted primer coat of BEHR ULTRA Paint if needed.

APPLICATION

Apply when air and surface temperatures are between 50-90°F (10-32°C). Stir paint occasionally. Intermix containers of same product to ensure color and sheen uniformity. Use a high quality 3/8-1/2" nap roller cover, nylon/polyester brush or an airless sprayer (.015 -.019" spray tip, 60 mesh filter). Do not thin if using a roller or brush; however, if using a sprayer and thinning is required, thin with water at a rate of no more than 1/2 pint per gallon. Certain colors may require additional coats for complete hide. Darker colors may require additional dry time between coats. Cooler temperatures or higher humidity may prolong drying time. After 4 weeks, cured paint film may be cleaned with a mild, non-abrasive liquid detergent. Dry paint film is mildew resistant. Do not use on floors.

DISPOSAL

For disposal of empty containers, unused paint and soiled rags, contact your household refuse collection service.

Visit Behr.com for painting tips, expert project advice and the perfect color coordination with the ColorSmart by BEHR® Tool.

WARNING! If you scrape, sand or remove old paint, you may release lead dust. LEAD IS TOXIC. Contact the National Lead Information Center at 1-800-424-LEAD or log on to www.epa.gov/lead.

WARNING Cancer and Reproductive Harm – www.P65Warnings.ca.gov

CAUTION! IRRITANT! HARMFUL IF SWALLOWED. MAY CAUSE EYE, NOSE AND THROAT IRRITATION. AVOID CONTACT WITH SKIN AND EYES AND AVOID BREATHING OF VAPORS AND SPRAY MIST. WEAR EYE PROTECTION AND PROTECTIVE CLOTHING. USE ONLY WITH ADEQUATE VENTILATION. To avoid breathing vapors and spray mist, open windows and doors or use other means to ensure fresh air entry during application and drying. If you experience eye watering, headaches or dizziness, increase fresh air. If properly used, a respirator (NIOSH approved for organic vapor with P series particulate pre-filter) may offer additional protection; obtain professional advice before using. A dust mask does not provide protection against vapors. Avoid contact with eyes and skin. Wash thoroughly after handling. Close container after each use. FIRST AID: If you experience difficulty in breathing, leave the area to obtain fresh air. If continued difficulty is experienced, get medical assistance immediately. In case of eye contact, flush immediately with plenty of water for at least 15 minutes and get medical attention; for skin, wash thoroughly with soap and water. If swallowed, get medical attention immediately.

CAUTION: KEEP OUT OF REACH OF CHILDREN - DO NOT TAKE INTERNALLY.
