PREP BEFORE USE

2 COATS REQUIRED

SPREAD RATE: 125 Sq. Ft./Qt.

CLEAN-UP: SOAP & WATER

READY TO USE. PROTECT FROM FREEZING.

WHERE TO USE: Properly prepared interior surfaces such as furniture, moldings, cabinets, trim, and wood doors.
Do not use on floors.
CAUTION: Surface may be slippery when wet.

SURFACE PREPARATION* (Proper surface preparation is required)
FOR STRIPPED, UNSTAINED OR RAW WOOD:
• Before starting, surface must be dry, clean and free of dirt, grease and glue.
• Sand the wood in the direction of the grain using fine-grade sandpaper (#150-220 grit) until smooth. Remove all sanding dust.
• To help ensure uniform acceptance of stain color and beautiful results, pretreat new or raw wood with BEHR® Water-Based Pre-Stain Wood Conditioner, following label directions.

FOR PREVIOUSLY FINISHED WOOD THAT IS NOT BEING STRIPPED:
• Before starting, surface must be dry, clean and free of dirt, grease and glue.
• Lightly sand the existing finish with 400 grit sandpaper to ensure adhesion. Remove all sanding dust.

PRODUCT PREPARATION AND COLOR TESTING
• Stir BEHR Stain & Poly In One thoroughly before and occasionally during use. Do not thin.
• Always test Stain & Poly on a scrap piece or hidden area of wood to verify desired color.

APPLICATION
• Using a high quality nylon/polyester bristle brush, dip approximately an inch into the can, gently tapping it against the inside to remove any excess. Apply a very THIN, even coat following the direction of the grain. Make sure to maintain a “wet” edge.
• To minimize the brush marks and bubbles after staining, tip off the surface by holding the brush at a 45 degree angle and lightly run the bristles over the entire length of the wood.
• Let the first coat dry for 1 hour or more. Dry time may be extended due to high humidity, low temperatures, and inadequate ventilation or if the coat is applied too thick.
• Lightly sand the surface between coats with fine sand paper (#400 grit). Remove all dust. Brush on a second thin coat following directions above. To deepen the color, apply a third coat.

NOTE: For additional protection, without adding color, add a coat of BEHR Fast Drying Water-Based Polyurethane. Please refer to the back label of the container for application instructions.

DISPOSAL
• For disposal of empty containers and unused product contact your household refuse collection service.

LIMITED WARRANTY
• Visit behr.com/warranty or call 1-800-854-0133 Ext. 2 for more information.

WARNING: If you scrape, sand or remove old paint, you may release lead dust. LEAD IS TOXIC. Contact the National Lead Information Center at 1-800-424-LEAD or log on to www.epa.gov/lead.

CAUTION: KEEP OUT OF REACH OF CHILDREN—DO NOT TAKE INTERNALLY.

PLEASSEE SEE PRODUCT LABEL FOR SPECIFIC WARNINGS. WARNINGS MAY VARY BETWEEN PRODUCTS AND OR COLORS.
